MID TERM 2016 / 2017 SESSION

1. THE PRINCIPAL'S DESK

Dear Parents,

We thank God Almighty for seeing us through the first six weeks of third term 2016/2017 academic year. Our sincere gratitude also goes to our esteemed parents for their love, encouragement and support to the school. The term promises to be an exciting one as plans are in top gear to send forth our beloved SS3 students on the 26th of July 2017. On this note, we are inviting all our SS3 parents to our thanksgiving service on Sunday 22nd July 2017 at RCCG Dominion Mega Parish, Oron Road by 10:00am.

2. PARTNERSHIP

Seeing that the role of teachers is a complimentary one, we thus request that parents be in partnership with us in the following areas;

(a.) Discipline: We request that you support us by ensuring that your children and wards obey rules and regulations of the school at all times. And so, we would like to request that you reinforce at home, whatever is instilled in school.

(b.) Responsibility: Let us encourage them to do simple home chores, to value and keep their items, and generally take good care of themselves. They are therefore to resume with all necessary personal and school items. All items needing repairs, mending and replacement should be attended to before resumption.

(c.) Take-Home Projects: The students have once more been given take-home projects. We request that you please encourage them to do these, being part of their continuous assessment.

3. HOLIDAY CAMBRIDGE/EXTENSION FOR SS 2 STUDENTS

There will be extension classes for the SS 2 Cambridge students from Sunday 13th of August 2017 to 25th August 2017. The camping is aimed at preparing them adequately for October/November 2017 IGCSE Examinations.

4. COUNSELLING UNIT TOPIC: BROADENING THE HORIZON

Young people can only aspire to career opportunities they are aware of, whereas there might be other options that would be more

appropriate for them outside what they already know. We have a role to play to enable them to explore those undiscovered options- we can broaden their horizons. How?

1. Expose them to information on career ideas they have never thought about.
2. Get them to learn a new skill.
3. Encourage them to learn something different from their preferred career options.
4. Encourage them to visit workplaces they've never thought of working in.
5. Prompt them to discuss with people in unpopular professions.

The key here is looking for new interests. There are so many opportunities waiting to be explored which may even be better options than what they currently hold onto. So, broaden their horizon.

5. CAMBRIDGE/IELTS

Beulah Cambridge School offers:

- (i.) IGCSE - The International General Certificate of Secondary Education.
- (ii.) IELTS – The International English Language Testing System. Both examinations are organized by the British Council. The curricula are for the Senior Secondary students (SS1-SS3). These programmes prepare your child/ward for International admissions and also help him/her excel in WAEC and NECO examinations.

You are thus invited to have your children enrolled.

Mid Term **NEWSLETTER**

Please visit the school for further information.

6. **SOLVING THE MATH PHOBIA**

We would like to introduce to our dear parents UCMAS; the cure to the Mathematics phobia in our children. It is a programme designed to sharpen the thinking capacity and calculating skills of our students. They will actually learn to solve Mathematical problems without the calculator. They will learn to depend more on their brains rather than calculators.

We furnish with details soonest.

7. **HEALTH CORNER**

TOPIC: ECZEMA

Definition: Eczema is a condition where areas of the skin become inflamed, itchy, red, cracked or scaly, and rough. Blisters can also occur.

Causes: The main cause is unknown but may be associated with;

- Poor personal hygiene.
- Exposure to specific substance and common among those with asthma and hay fever.

Mode of spread: Through skin to skin contact with blisters.

Signs: - Tiny blisters that weep/ooze which makes it communicable.

- Discoloured skin area.
- Itching.

Treatment: - Personal cleanliness should be improved through bathing at least twice a day and changing of clothing.

- The whole body should be washed vigorously with soap and water.
- Topical application should be applied on the areas examples include nixoderm cream, sulphur ointment.

Advice to Parents/Prevention

- If one person has eczema, everyone in the family should be treated.
- Clothing should be thoroughly washed and sun dried.
- Body/face towels should not be shared among siblings.
- Do not share clothing and underwear.

Nurse Esther W.

8. **2017 NECO**

Our SS3 students are currently taking the NECO SSCE. Thus they will not be leaving for mid-term break. We implore you to join us in praying for their success.

9. **TO ACCESS YOUR CHILD/WARD'S RESULT VISIT**

beulah.gradedesk.com

Enter your **phone number** (The one you receive our SMS on) as username.

Enter the word **school** as password.

Click on **Ward's Performance**.

For more information, please call: **07034558810, 08086174521**

10. **FAMILY CORNER**

Topic: Inconsistent Parenting.

- This is where children are not clearly told the family boundaries, limits and rules.
- We must not provoke our children to anger (Eph. 6:4), but bring them up in love, and in the word of the Lord.

One way of strengthening the family bond is by making rules that are communicated within a relationship of love and affection. The place of having fun times together cannot also be ruled out.

NOTABLE DATES

- **Resumption from mid-term – Sunday 18th June 2017**
- **Visiting Day/PTF – Saturday 1st July 2017.**
- **Closing/Graduation day - Wednesday 26th July 2017**
- **Extension Classes for Cambridge Students - Sunday 13th August 2017**
